

## **SECTIONS**

### **Public**

*From Trish Hull.* We would like to partner with the newly formed Utah Health Literacy Coalition and co-sponsor a stakeholder meeting in late September to help determine health literacy needs of the state.

We are also planning on having a maker faire for librarians to learn z out and play with some maker technology (raspberry pi, arduino boards, 3-D printing) and learn how to create their own makerspaces, boxes or programs.

### **Conference**

*(Report from Jessica Breiman)*

*From Liesl Seborg.* 2016 Silent Auction Report. *See attached.*

*From Dorothy Horan.* We are in the process of sending the last bit of information to the Utah State Library in order to receive the grant money for Sina's programs at the conference. Jami, I'll let you know when the money is approved.

MPLA only allows organizations to receive grants for two consecutive years, so we couldn't apply for the pre-conference grant for the last conference. We will be able to apply for the grant worth \$500 dollars for pre-conferences for the next conference.

That grant requires that MPLA members pay the same amount that ULA members pay to attend the conference.
